Vacancy Announcement

Project Officer for Animal Health (OIE) sub-regional Representation for South East Asia in Bangkok (Thailand)

Salary: EUR 2,500 (depending on the level of qualifications, experience)

Duration: Two (2) years – Renewable subject to funding

Context:

The World Organisation for Animal Health (OIE) is the intergovernmental organisation responsible for improving animal health worldwide. The standards it develops for the trade of live animals and products of animal origin are recognized by the World Trade Organization as reference international sanitary rules (<http://www.oie.int/fr/>). Based on its standards on the performance of Veterinary Services, the OIE has developed a set of tools aiming at evaluating and strengthening the national Veterinary Services.

The OIE has 182 Members and is present on all continents through 12 Representations, including the Sub-Regional Representation for South East Asia, based in Bangkok, Thailand.

The Indo-Pacific Centre for Health Security (IPCHS) is an initiative launched by the Australian Government in October 2017 which aims to contribute to the avoidance and containment of infectious disease threats in the Indo-Pacific with the potential to cause social and economic harms on a national, regional or global scale.

Through the 'Australia-OIE One Health Partnership' the OIE will be enabled by IPCHS to provide expertise, financing and support to the above objectives in IPCHS's target region. The overall objective of the Project is to contribute to improved regional health security by:

- Assisting target countries' Veterinary Services strengthen prioritised capabilities.
- Developing target countries' veterinary and veterinary para-professionals workforce by supporting the use of international standards for their education and training in support of a One Health approach; and
- Improve regional animal disease (including zoonoses) outbreak reporting using OIE World Animal Health Information System to inform decision-making by national Animal and Human Health Services.

The OIE is looking for a Project Officer at the OIE Sub-Regional Representation for South-East Asia

Positioning and reporting

Under the authority of the OIE Director General and the supervision of the OIE Sub-Regional Representative for South-East Asia and his Deputy.

Missions and activities

The Project Officer will be responsible for assisting the Project Coordinator in the implementation of the Australia-OIE One Health Partnership, in close collaboration with the OIE HQ.

Responsibilities of the Project Officer include, but are not limited to:

Project Management:

Support the Project Coordinator in operational planning, implementation, reporting and other core project functions, including:

- The development and review of a Results Framework and Theory of Change;
- Continuous results-based monitoring of the Project;
- The development and operationalisation of annual workplans and the preparation of annual reports;
- Organisation of the Project Steering Committee meetings;
- Development of a monitoring plan and monitoring of progress along output and outcome objectives of the Project;
- Design and coordination of final and mid-term evaluations of the Project in-line with OECD-DAC Criteria for Evaluating Development Assistance;
- Conceptual integration of cross-cutting development issues, including Gender, Climate Change and Inclusive Development.
- Ensure coordination with other relevant projects in the region and in particular projects between the OIE and the Australian Government Department of Agriculture;

Project Implementation:

In close collaboration with the relevant departments in OIE Headquarters, relevant officers from the OIE SRR-SEA and relevant OIE Reference Centres:

- Implement activities in the target countries;
- Assist in developing/implementing pilot methods to strengthen Animal Health Services' capacities in Veterinary Leadership and Management;
- Reinforce and expand partnerships with national and regional stakeholders, such as Veterinary Statutory Bodies (VSBs) and Veterinary Education Establishments (including those training veterinary paraprofessionals);
- Implement activities relevant to the development of the Veterinary and Veterinary paraprofessional workforce, including: Veterinary Education Support, including Twinning; harmonised VPP education; strengthening VSBs;
- Review previous activities related to veterinary education support and identify areas where additional support would lead to further qualitative improvement of the veterinary workforce;
- Explore how to support countries establishing a sustainable VSB;
- Assist in supporting the ASEAN VSB Network to harmonise the rules and procedures in the regulation of veterinary professionals in the region
- Contribute to the OIE activities related to One Health, including antimicrobial resistance and rabies, in close partnership with relevant regional and international institutions;
- Support the organisation of regional training seminars for National Focal Points with relevance to One Health and OIE WAHIS and of regional workshops on topics relevant to the two Australian projects (Australian Department of Agriculture and Australian Department of Foreign affairs and trade);

In addition, the OIE Director General or the Sub-Regional Representative may, where necessary, assign to the incumbent any other duties within his or her area of competence, or request him or her to represent the Director General in designated meetings, seminars, conferences or other types of public fora (including the media).

Qualifications and Experience

Qualifications

- A degree in Veterinary Medicine or in Veterinary Public Health would be an asset;
- At least 5 years of professional experience in a national veterinary administration or international organisation;
- Proven working experience in Development Cooperation, preferably in the agriculture or health sector;
- Experience in Veterinary Workforce Development would be an asset;

- Experience in a regional (Asia) or international environment would be an asset;
- Experience in management of capacity building programmes;
- Experience in project management, including M&E and operational planning.

Requirements

Technical skills

- Excellent command in spoken and written English;
- Excellent reporting skills;
- Proficient in the use of office software (word processing, spreadsheet, internet and e-mail, presentations and simple databases).

Additional skills

Interpersonal skills

- Strong organizational and coordination skills (group logistics);
- Good communication, facilitation, analytical and diplomatic skills

Working conditions

The post is Bangkok-based (Thailand) with frequent travel within South East Asia.

General information

The OIE places high value on a multicultural and positive work environment.

The OIE is an equal opportunity employer and welcomes applications of all qualified candidates, irrespective of their ethnic origin, gender, opinions or beliefs.

This is a full-time position as an international civil servant based at the OIE sub-regional Representation in Bangkok (Thailand) that is available immediately;

OIE staff members are international civil servants under the authority of the Director General. They may be assigned to any activity or department of the Organisation;

Women are encouraged to apply.

If you are interested in the position, please complete your application online by **24 December 2019 (Paris local time)** at the latest by clicking on the link below.

Should you have any questions, please contact Human Resources at hr.dept@oie.int.

Vacancy Announcement

Project Officer for Animal Health (OIE) sub-regional Representation for South East Asia in Bangkok (Thailand)

Salary: EUR 2,500 (depending on the level of qualifications, experience)

Duration: Two (2) years – Renewable subject to funding

Context:

The World Organisation for Animal Health (OIE) is the intergovernmental organisation responsible for improving animal health worldwide. The standards it develops for the trade of live animals and products of animal origin are recognized by the World Trade Organization as reference international sanitary rules (<http://www.oie.int/fr/>). Based on its standards on the performance of Veterinary Services, the OIE has developed a set of tools aiming at evaluating and strengthening the national Veterinary Services.

The OIE has 182 Members and is present on all continents through 12 Representations, including the Sub-Regional Representation for South East Asia, based in Bangkok, Thailand.

The Australian Department of Agriculture is supporting the OIE in enhancing capacities of countries in South-East Asia to detect, control and prevent the spread of priority transboundary animal diseases (TADs). Although some improvements in the capacity of Veterinary Services to combat TADs in the region have been noted over the last years, many countries are still registering low levels of capacity to control TADs. The OIE Sub-Regional Representation (OIE-SRR) is developing the operational plan of the project which will include technical capacity building activities and studies. The OIE is looking for a Project Officer for the OIE Sub-Regional Representation for South-East Asia.

Positioning and reporting

Under the authority of the OIE Director General and the overall supervision of the OIE Sub-Regional Representative for South-East Asia

Missions and activities

The Project Officer will be responsible for the following:

- Assist the Sub-Regional Representative in coordinating a complex project targeting capacity building of South East Asian countries and two countries of the Pacific and support the implementation of the following activities:
 - Develop and operationalise the annual work plan
 - Support, as needed, the organisation of regional workshops on topics relevant to these two projects;
 - Prepare annual reports to OIE Headquarters, in accordance with Donor requirements, and any other reports from Project meetings and missions;
 - Organise the Project Steering Committee meetings;
 - Maintain close working relations with South East Asian¹ members, as well as Papua New Guinea and Timor Leste, with the representatives of the Australian Government, and with partner organisations such as ASEAN², PSC³ and FAO;
- Coordinate closely with other colleagues in charge of animal diseases prevention and control and other Projects
- Represent the OIE in relevant regional and international meetings, seminars and conferences;

¹ South East Asia Member Countries include: Brunei Darussalam, Cambodia, Indonesia, Lao PDR, Malaysia, Myanmar, Philippines, Singapore, Thailand, and Vietnam.

² ASEAN Association of Southeast Asian Nations

³ PSC: Secretariat of the Pacific Community

- Promote the visibility of the OIE as an independent, scientific and highly professional centre of excellence throughout South-East Asia;
- Carrying out any other cognate duties.

In addition, the OIE Director General or the Sub-Regional Representative may, where necessary, assign to the incumbent any other duties within his or her area of competence, or request him or her to represent the Director General in designated meetings, seminars, conferences or other types of public fora (including the media).

Qualifications and Experience

Qualifications

- A degree in Veterinary Medicine;
- At least 5 years of experience in a national veterinary administration;
- Experience in a South East Asian or international environment would be an asset;
- Proven experience in management of capacity building programmes;
- Proven experience in project management, including with monitoring and evaluation;
- Experience in preparedness planning and/or risk assessment would be an asset;

Requirements

Technical skills

- Excellent command in spoken and written English;
- Excellent reporting skills
- Proficient in the use of usual office software (word processing, spreadsheet, internet and e-mail, presentations and simple databases).

Additional skills

Interpersonal skills

- Strong organizational and coordination skills (group logistics);
- Good communication, facilitation, analytical and diplomatic skills

Working conditions

The post is Bangkok-based (Thailand) with travel in South East Asian countries and possibly to Pacific countries (PNG and Timor Leste) and to the OIE Headquarters in Paris (France).

General information

The OIE places high value on a multicultural and positive work environment.

The OIE is an equal opportunity employer and welcomes applications of all qualified candidates, irrespective of their ethnic origin, gender, opinions or beliefs.

This is a full-time position as an international civil servant based at the OIE sub-regional Representation in Bangkok (Thailand) that is available immediately;

OIE staff members are international civil servants under the authority of the Director General. They may be assigned to any activity or department of the Organisation;

Women are encouraged to apply.

If you are interested in the position, please complete your application online by **24 December 2019 (Paris local time)** at the latest by clicking on the link below.

Should you have any questions, please contact Human Resources at hr.dept@oie.int.

Vacancy Announcement

Regional Animal Health Coordinator for Animal Health (OIE) sub-regional Representation for South East Asia in Bangkok (Thailand)

Salary: EUR 3,500 (depending on the level of qualifications, experience and funding constraints)

Duration: Two (2) years – Renewable

Context:

The World Organisation for Animal Health (OIE) is the intergovernmental organisation responsible for improving animal health worldwide. The standards it develops for the trade of live animals and products of animal origin are recognized by the World Trade Organization as reference international sanitary rules (<http://www.oie.int/fr/>). Based on its standards on the performance of Veterinary Services, the OIE has developed a set of tools aiming at evaluating and strengthening the national Veterinary Services.

The OIE has 182 Members and is present on all continents through 12 Representations, including the Sub-Regional Representation for South East Asia, based in Bangkok, Thailand.

The OIE has a mandate to improve animal health and welfare globally by developing standards, guidelines and tools to support its Member Countries in disease prevention and control. The OIE's strategy focuses on strengthening existing health systems to (i) support early detection, (ii) rapidly respond to, (iii) and report animal and zoonotic disease outbreaks.

Activities related to transboundary animal diseases (TADs) are mainly conducted under the Global Framework for the Progressive Control of Transboundary Animal Diseases (GF-TADs) which is a joint initiative of FAO and OIE. The GF-TADs mechanism combines the strengths of both organisations to achieve agreed common objectives, to empower global and regional alliances in the fight against Transboundary Animal Diseases (TADs), to provide for capacity building and to assist in establishing programmes for the specific control of certain TADs based on global and regional priorities. The OIE is looking for a Regional Animal Health Coordinator for the OIE Sub-Regional Representation for South-East Asia

Positioning and reporting

Under the authority of the OIE Director General, under the supervision of the OIE Sub-Regional Representative for South-East Asia, and in close collaboration with other colleagues in charge of animal diseases prevention and control.

Missions and activities

The Regional Animal Health Coordinator will be responsible for the following:

- Implement the Global Strategies for foot and mouth disease (FMD) and peste des petits ruminants (PPR), and the Global Initiative for African swine fever (ASF) in South East Asia, as well as relevant sub-regional frameworks or strategies. His/her task will include:
- Contribution to the development of the next SEACFMD Roadmap;
- Contribution to the development and implementation of an action plan to control and prevent transboundary animal diseases (TADs) in South East Asia, in line with the Global Strategies/Initiatives;
- Coordination of the activities related to TADs control and prevention in South East Asia, with a focus on ASF;
- Organisation of relevant workshops and meetings;
- Participation in the development of guidelines and tools;
- Report regularly on these TADs and on the activities conducted, in accordance with Donors' requirements;
- Coordinate closely with other colleagues in South East Asia in charge of animal diseases prevention and control and other Projects, colleagues from technical departments in the OIE Headquarters and from the GF-TADs Regional Secretariat (managed by the OIE Regional Representation for Asia Pacific in Tokyo);
- Coordinate with colleagues from FAO;
- Represent the OIE in relevant regional and international meetings, seminars and conferences;

- Promote the visibility of the OIE as an independent, scientific and highly professional centre of excellence throughout South-East Asia;
- Carrying out any other cognate duties.

In addition, the OIE Director General or the Sub-Regional Representative may, where necessary, assign to the incumbent any other duties within his or her area of competence, or request him or her to represent the Director General in designated meetings, seminars, conferences or other types of public fora (including the media).

Qualifications and Experience

Qualifications

- At least 10 years proven experience in animal disease control programmes;
- Proven experience in project management, including with monitoring and evaluation;
- Experience in a South East Asian or international environment would be an asset;
- A degree in Veterinary Medicine, with Master's or PhD degree is an advantage;

Requirements

Technical skills

- Excellent command in spoken and written English;
- Excellent reporting skills
- Proficient in the use of MS Office software (word processing, spreadsheet, internet and e-mail, presentations and simple databases).

Additional skills

Interpersonal skills

- Strong organizational and coordination skills (group logistics);
- Good communication, facilitation, analytical and diplomatic skills;

Working conditions

The post is Bangkok-based (Thailand) with travel in South East Asian countries and possibly to Pacific countries (PNG and Timor Leste) and to the OIE Headquarters in Paris (France).

General information

The OIE places high value on a multicultural and positive work environment.

The OIE is an equal opportunity employer and welcomes applications of all qualified candidates, irrespective of their ethnic origin, gender, opinions or beliefs.

This is a full-time position as an international civil servant based at the OIE sub-regional Representation in Bangkok (Thailand) that is available immediately;
